Albertsons-6045  
1760 E. Charleston Blvd.  
Las Vegas, NV 89104

To Whom It May Concern:

It has been brought to my attention that the Trolley that drops at 1700 E. Charleston at the Albertsons Supermarket will stop service in the near future. As you know we have many senior citizens that rely and utilize the Trolley to transport them to the grocery store to purchase necessities. We are the only grocery store in this neighborhood that provides this convenience to our senior citizens and it would be devastating to this community if they could not utilize the Trolley. Not only would this affect the seniors but others without transportation would suffer as well. In our suffering economy we need to support the senior citizens of our community.

Please reconsider your actions to shut the Trolley down at this time and if you have any questions you can contact me at 366-1550.

Sincerely,

A handwritten signature in black ink that appears to read "Edna Kline".

Re: TROLLEY SERVICE (City Ride - For Residents)

To ANYONE - SOMEONE who's got the Respect  
and Compassion, and Fortitude To Help Save this  
SERVICE - IT IS EXTREMELY NEEDED! MANY ARE  
SENIOR CITIZENS using this SERVICE - ALSO - MANY  
ARE ON FIXED INCOMES with NO OTHER MEANS OF  
GETTING their Food, Medicines - AND NECESSITIES OF LIFE.  
ALSO A GREAT NUMBER ARE HANDICAPPED, DISABLED AND  
So Forth. WHAT ARE THESE people TO do? AND I  
ASK (t others) who CARES - LET'S FIND OUT.

IN HEARING THAT this is the MAYOR'S IDEA -- HE  
Should BE ASHAMED To do this To so many CITIZEN  
who ARE SO VERY RELIANT FOR this SERVICE which  
WE ALL APPRECIATE GREATLY, BUT WE ARE ALSO IN  
SURVIVAL mode. WE ALL CONTRIBUTE much To the  
ECONOMY of this AREA, BUT WE ARE NOT BEING  
CONSIDERED - THAT IS APPALLING To so many of us  
in CONVERSATIONS CONSTANTLY. IN THESE CONVERSATIONS  
the CITIZENS ARE WILLING To PAY a HIGHER FARE,  
AND LESS FREQUENT RUNS, - BUT DON'T TAKE AWAY  
the NEEDED SERVICE, - ENOUGH HAS BEEN TAKEN  
AWAY ALREADY for ALL of US! - Including DRIVERS.  
How ABOUT CUTTING EXPENSES Someplace ELSE,  
This is a MAJOR CONCERN for so many, LET'S  
GET A POSITIVE RESULT. LOCALS do COUNT!

CITY HALL (MAYOR)

REGIONAL TRANSPORTATION Commission

# Without adjustments to scheduled raises, staff reduction possible

By ALAN CHOATE

REVIEW-JOURNAL

City officials want to slash labor costs by \$65 million over the next five years in order to stave off financial woes, and seek the cooperation of unions that represent city employees.

The reduction, combined with other measures outlined in a new city report — includ-

ing as many as 46 layoffs — would keep Las Vegas from draining its reserves during an economic downturn that's expected to last at least two more years.

To get there, though, employees would have to first agree to revisit their contracts, and then agree to a 50 percent reduction in the annual "step increases" to their pay.

## CITY FINANCES

Officials propose reducing the 5 percent step increases to 2.5 percent. Along with annual cost-of-living raises of 3 percent, this would bring annual raises to 5.5 percent, down from 8 percent.

City officials warned of dire consequences and deeper cuts

without the concessions.

"Absent that, my only option as the city manager is to reduce the size of the work force," said City Manager Doug Selby. "We'd have to do it pretty dramatically in order to balance the budget."

Said Mayor Oscar Goodman:

"We want to work this out — or there'll be casualties."

The city's largest union, the Las Vegas City Employees Association, is willing to meet with city leaders but expects all employees to come to the table as well.

"It could be all together at once. It may be better to have a series of meetings," said the union's general counsel, Bruce Snyder. "We are willing to be team players, and if something needs to be done, we will cooperate if possible."

"The city can no longer compensate its custodians almost double what the market is, nor can it continue to pay its bus drivers \$10 to \$12 more per hour than does the Regional Transportation Commission."

In addition to the union negotiations, the city has identified \$11 million in potential savings through consolidation, cutting non-personnel expenses, and eliminating 83 full-time and five part-time positions.

Forty-two of those positions are vacant, said city spokesman David Riggleman. The other 46 would be layoffs if the City Council chooses that course.

Contact reporter Alan Choate at achoate@reviewjournal.com or 702-229-6435.

# From: City Manager

two programs was over \$1 million. Since there is not enough work currently identified at city sites, 33 percent of the hours worked are spent at non-profits throughout the city. Field Operations, Leisure Services, Neighborhood Services and Public Works attended a meeting on August 29 to discuss ways that the community service and work program could be expanded. Each department has developed a list of tasks that could be performed by the community service/work program participants. The list will be vetted by city management and the Attorney's Office to ensure that the duties identified are appropriate and do not violate collective bargaining agreements.

## 11. Eliminate the City-Ride Bus System

### Summary

Since the ~~Regional Transportation Commission~~ (RTC) offers many similar and, in most cases, precisely the same type of bus route service the city offers, it is recommended that consideration be given to eliminating the citywide bus route all together. The RTC provides the service at a slightly higher rate, which may cause concern among the small percentage of residents who take advantage of the service. If the City Council provides direction to move forward, there will be an impact to approximately 11 personnel and a budget of approximately \$1 million. The overall goal of eliminating the service is to reduce costs by transferring the service to another service provider.

NOT  
True

## 12. Conduct a Review of all Internal Service Funds

### Summary

The initial review of internal service funds indicates fund balances have been growing by approximately 18% per year accumulating funds in excess of what is needed to recover the cost of operations and provide for a reasonable capital replacement plan. In addition to the \$7M previously identified as part of the "virtual" stabilization fund, there may be an additional \$15M that could be made available for stabilization by modifying replacement schedules and practices. Additionally, it appears rates should be cut by 20-25% to properly align them to the cost of operations. We will continue to evaluate the transactions within the internal service funds to make the process much more transparent and efficient.

## 13. Re-evaluate the Current Community Schools Service Delivery Model and Staffing

### Summary

Leisure Services is currently updating the community schools report from 2000 to reflect the current information, programs and operations. In addition, the current review is centered on the costs and impacts associated with converting Community School Board employees to city employees. The Community School Board employees serve as class instructors, Safekey instructors, summer camp counselors and fulfill other duties in order for programs and activities to be offered at the Community Schools. The review will include staffing models, number of board employees, costs associated with employing board employees, average hourly wage, the number of new employees needed to keep each hourly board employee to 19 hours a week, and the cost of full time city employees for Community Schools and Safekey.

## Mr. Mayor and Council Member's

I am a city trolley/bus driver. I am here to ask you not to take our bus system away. I know you are here to review some department's and make cut backs. I have given you each a package with information about the Fremont route. The information that you have been given by the city staff is wrong! RTC does NOT have a route like ours, they don't have one that is even close. There was also an article in the review journal about our salary's, that we make \$12.00 more than RTC drivers! We don't for the average driver, but in the City of Las Vegas we have long term drivers, there are 4 of us that avg. 18 year's the other 2/3 avg 4 years. We get paid below other large city's, and I want you to all know we have an excellent safety record which RTC can't say about CAT drivers - RTC/CAT has the highest turnover rate for driver's and for accidents which include tragedy's. I personally have never had an accident. Last year we had a driver retire and we told Dan Hyde and Jerry Walker we didn't

Need to replace him and they listened. I know transit system's are not a money making business, but if MANAGEMENT and Doug Selby would listen to the driver's we can save money. We have schedule's that would eliminate having to hire anymore driver's, we are willing to take a PAY CUT, we don't need to run the buses at the full schedule we are on now we can cut back hours from 6:30 AM - 12:00 AM. to 7AM to 9PM, we have MANY idea's but we need you to tell them to listen to us.

Councilman REESE - I am your Specialty driver, I am the one who picks up your senior's for the health fair's, thanksgiving dinner; your Christmas party's, I am the one who picks up the Veteran's on E Bonanza, when your senior's SEE me they are thrilled their faces light up for your senior's SEEING me is like seeing a family member, MR. REESE Please don't cancel their SERVICE let or should I say tell the City MANAGER to listen to us!

Council women TARKANIAN - When I arrive at CLARK tower's or Sonrise the senior's who can't walk without their Walker get a little pep in their walk, the other's walk as fast as they can to talk with

Me. You can see the relief on their face's  
When they see the City Ride bus, they can  
relax they are gonna get their medicine,  
go to the bank get their grocery's and  
they know we will carry their food  
Cart's up 2 flights of stairs. We are  
all they have Please don't shut us down.  
Councilman Barlow - I am the shuttle driver  
that takes your Senior's to Doolittle center,  
I am the one that pick's up the kid's  
at Rancho takes them to Westeen for  
their debate team. I am the driver  
they use for black history month to shuttle  
Not only the kids but also the senior's  
for heath exam's. I am the driver who  
drives all around for Standdown for  
the homeless. I drive where CAT/RTC  
driver's won't drive, I get out of my bus,  
and pick them up off the street's, once I  
get them in my bus I know I can get  
help from the Marshall's to get them  
medical help. I am the one who picks  
up the kid's from D-st. and take them  
to the Mirage / OR swimming, when these  
kids get on my bus they don't act up,  
they sing me a song and we play I spy.  
You can't tell me we aren't needed. Help us!

Councilman Ross - I am the driver who takes your area children to the firestations, to City Hall, to the pool on Bonanza. In your area we have track schools so when the city programs are filled and the kids need to see something different they call us. Our children are the most important asset we have in Las Vegas they deserve to see our city and all it has to offer them, so they can tell their parent's what a great day they had at City Hall!

Mr. Mayor,

We are your biggest supporters, we have contact everyday with people from all over the world. When you first took office you gave me an award Employee of the Month - I saved a little 2 year old boy / life who was wandering the street's of downtown. I received an award from the mayor before you Jon Jones, but the award you gave me was special because you want to put the City of Las Vegas first and bring in business to downtown. You can't do that if you shut us down, there are so many new apartment homes, condo's, addition's to hotel's and we service them all. We need you to tell the City Manager's to give our idea's a

chance and we might not make a profit, but we sure will take care of the tourist's with the Premium Outlet, and all our local's who spend money only downtown to keep our economy growing.

This year was a little rough when ~~two~~ Hawaiian Airline shut down, but we are back on track and even tripling riders from Hawaii, Japan, Germany, England.

I myself have done many of shuttle's for you but I stay in the back, because I get nervous with your shuttle's, so for me to write these pages and speak in front of City Council is nerve racking.

You haven't given up on a professional team - We aren't giving up we need to have City Ride.
